*KAB office chairs
provide movements
to relieve everyday
stresses placed on
the body*

KAB Seating is part of the American owned CVG group of companies with operating subsidiaries in the UK, Scandinavia, mainland Europe, Australia, China and the United States of America. The KAB Seating headquarters in Northampton, England employs over 700 people and the facility covers an area of 21,000m². It also accommodates the CVG International head office which is responsible for the Group's activities outside the Americas.

The KAB Seating Work Chair range has been developed as a result of supplying vehicle seats for the transport, construction and agricultural industries.

The characteristics necessary in a good drivers seat are equally as important in the workplace today. Particular attention has been paid to criteria laid down by the British National Back Pain Association when designing the Work Chairs.

Back pain is the second biggest cause of absenteeism in the workplace and in the UK alone 70 million working days are lost annually.

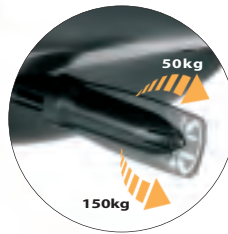

If you sit with a fixed posture all day you will inevitably end up with physical aches and pains. You have a responsibility to yourself to move.

Movement varies the stress and strains placed on the body. KAB work chairs offer every individual a variety of adjustments to provide frequent posture changes

K A B T i l t S y s t e m

Regular posture change is made easy by the KAB Tilt System

- Side mounted rotary controls
- Easy weight adjustment 50-150kg
- Full tension range in less than one turn
- Easy height and tilt adjustment
- 'Anti-kick' safety system
- 24 Hour use certified

THE RANGE

KAB chairs help prevent back disorders and help rehabilitate people with back problems

EX

Ideal for executive flat cushioned large users

CONTROLLER

A 24 hour chair for primary use in surveillance and control stations. Also ideal for deluxe office environments. The standard version features a robust leather/fabric combination, providing maximum durability and comfort for 24/7 usage.

EXECUTIVE

prestige offices, company
s and 24 hour use. It's wide
ons also make it ideal for
rs.

NAVIGATOR

A quality medium sized orthopaedic chair
for VDU operators, general office use and
internet users. It is a medium height
chair with adjustable backrest

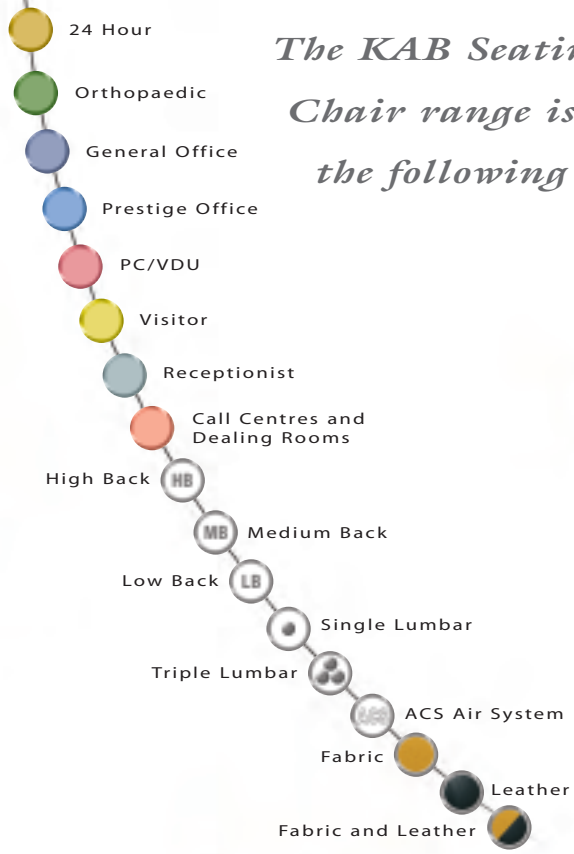

DIRECTOR

The Director is KAB's number one
seller and provides top value for
money and maximum reliability.
It is a versatile chair, ideal for
senior personnel, workstation
and heavy duty environments.

*The KAB Seating Work
Chair range is proven in
the following applications*

ASSOCIATE

An elegant yet robust chair, ideal for general office use and strong enough to contend with 24 hour applications. Its unique triple lumbar feature provides a variable height dorsal support.

MANAGER

An all round business chair for general offices, VDU operatives and industrial applications.

The KAB Office chair range is 'Lifestyle' friendly to suit all working environments

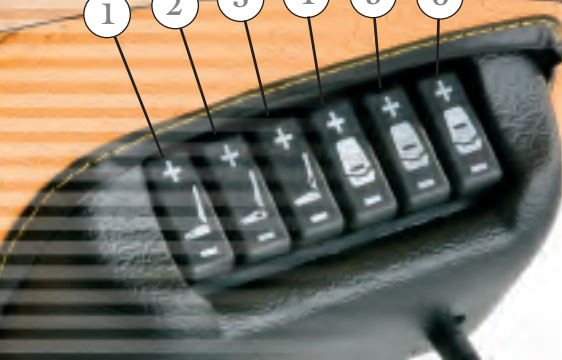

ACS EXECUTIVE

The top model of the KAB range is ideal for company executives and entrepreneurs. Trimmed in 'Vintage leather' made from prime European bull hides the ACS provides superb user comfort. Eight electrically adjustable air bags around the seat and back cushions ensure maximum comfort and focus in busy environments. The adjustability of this chair also makes it an excellent injury rehabilitation chair.

KAB Air Comfort System (ACS)

To mould the chair to your body simply press a button and the electrical pump will feed air to support the area of your preference. Press the + symbol to inflate and the - symbol to deflate. A mains charger is supplied to boost the 12v rechargeable battery every 3-4 months (subject to usage).

ASSOCIATE

This is the latest in the KAB work chair range. An elegant high back chair which is ideal for general office use but equally strong enough like all KAB models for 24 hour applications. It is available in fabric or luxury leather.

The Associate features a unique triple lumbar system. This provides a height adjustable lumbar support to accommodate people of all heights.

1) The lumbar bulb is located in the left hand side and to the rear of the seat cushion.

2) By pumping the air bulb you inflate the three air bags.

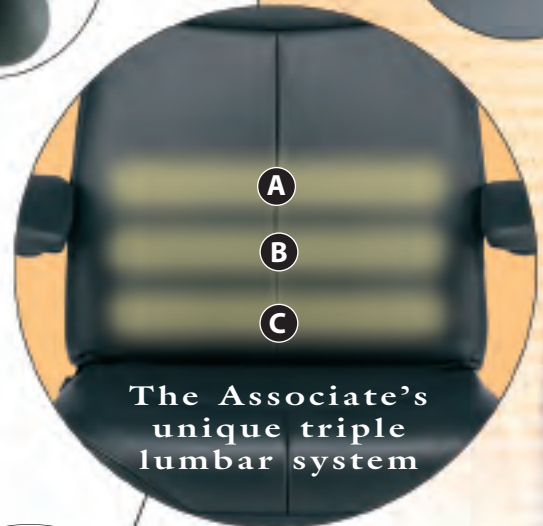

3) By pressing buttons A, B or C you exhaust the air to allow the lumbar to support your back in the optimum way.

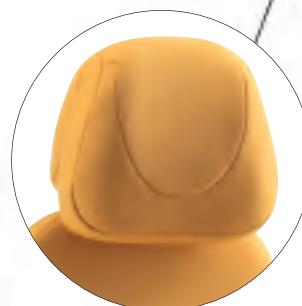

PRESS TO INFLATE

DEFLATION BUTTONS

AIR BULB

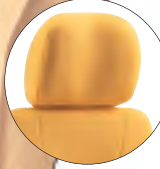

The Associate's unique triple lumbar system

The Associate also features the 'Aztec' headrest to maximise user comfort during work and rest periods

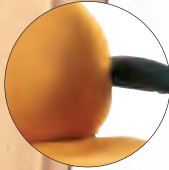

Headrest

Height/Tilt adjustable

Headrest Options

Chair Standards

FIRA

KAB Office Chairs have been tested by the British Office Chair Institute to meet appropriate British and European Standards. See table.

Warranty

5 year policy for general office use, and 2 years for 24 hour applications. Please refer to KAB Seating's official warranty statement.

CONFERENCE

Robust, comfortable visitor chair. The backrest recline feature also makes this a good chair for meeting rooms.

Optional Accessories

To make KAB chairs more versatile for differing environments; useful features such as: a coat hanger, rubber castors, extra high gas lift, footring, locking castors, 'aztec' headrest and polished aluminium 5 star base are available. Also available is a new 'logo' package, details are available on request.

Aztec

Standard Trim/Choices

The KAB Seating range is available in a range of colours, fabrics and leathers to suit all office interiors. The covers are replaceable to facilitate repair and refurbishment also to match any new colour schemes. Full details of these and technical specifications are available on KAB trim selector cards.
