

Herman Miller

Linea chairs

Linea

Versatile

An ergonomic family of seating providing day-long comfort for multiple applications.

Sustainable

Eco-friendly, recyclable, durable and safe.

Affordable

A new entry-level seating solution, Linea is an affordable option.

Designed by Paul Brooks, eco-friendly Linea is a unique combination of good design, ergonomics, choice and quality at an affordable price.

Linea is a family of products to suit multiple applications with a choice of three task chairs and four visitor chairs.

Light, bright and colourful, Linea's neat, crisp forms work in any environment and application. Mix products, materials and colour to blend with, or complement your environment.

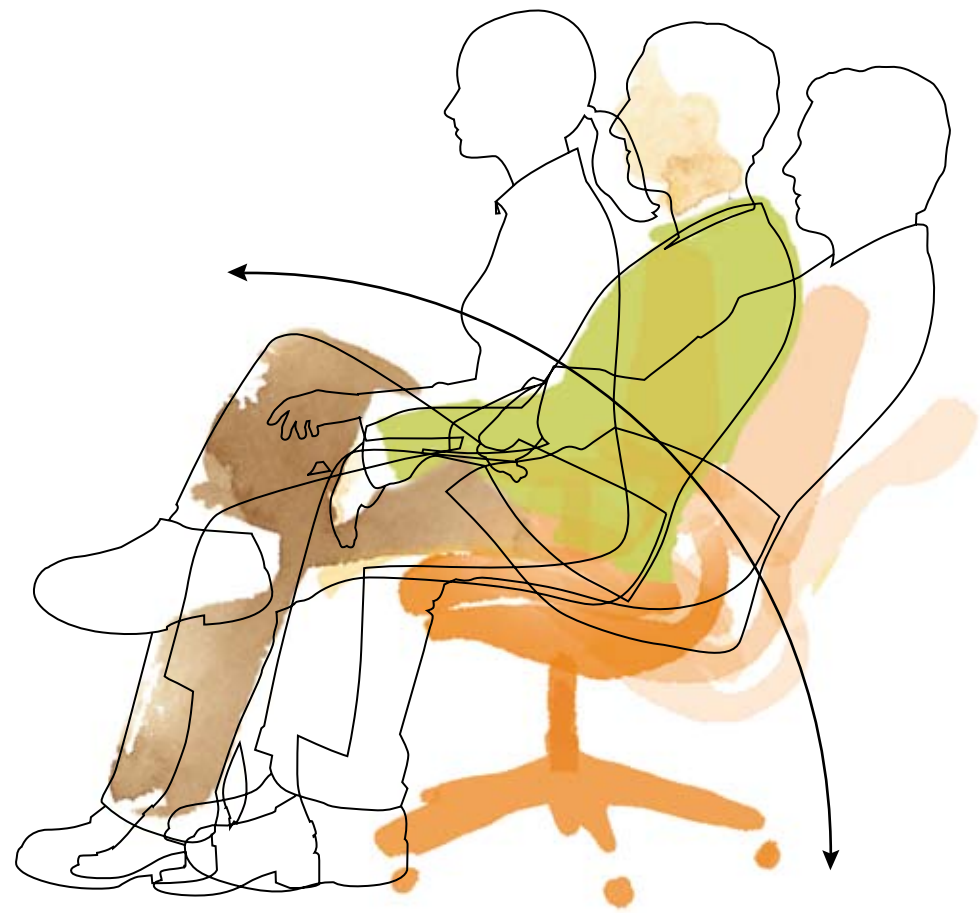

Linea offers a choice of three task chairs and four visitor chairs with a wealth of options:

Task chairs

Choose from two mechanisms: active contact mechanism or synchronous mechanism. Options include forward tilt, seat depth adjustment, lumbar support, two-dimensional arms, four-dimensional arms, headrest, silver or polished aluminium base.

Visitor chairs

Choose from two base designs: four-leg or cantilever. Options include polypropylene seat and back; upholstered seat and back; or a mesh back with either version of the seat. Frame is silver or black, with or without arms. Also available are row-linking and a mobility trolley.

Versatile

Good chair design should be synonymous with comfort. With Linea you have a choice of two high-quality mechanisms:

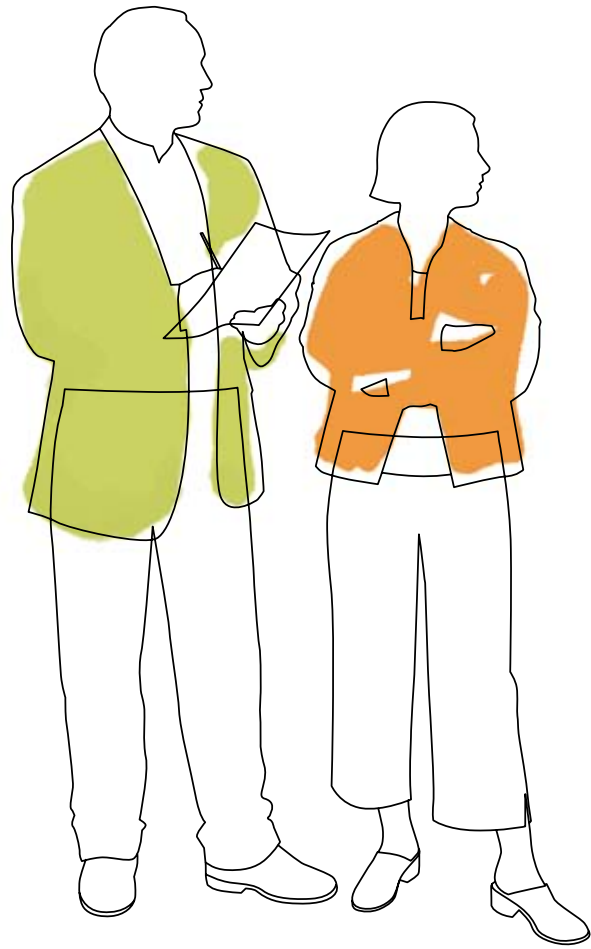

Active contact mechanism with weight tension control and safety lock.

Point synchro with weight tension control with a wide recline range and safety lock.

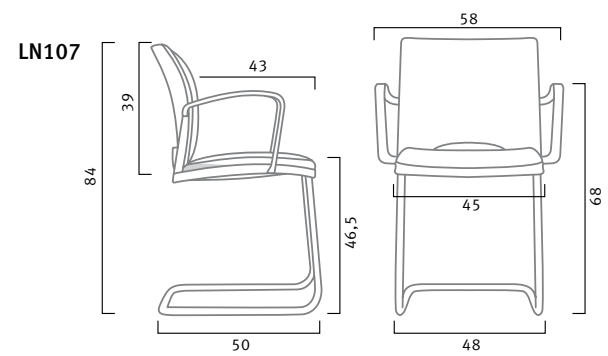

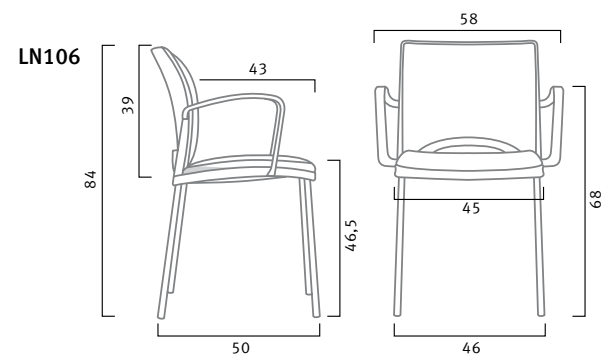

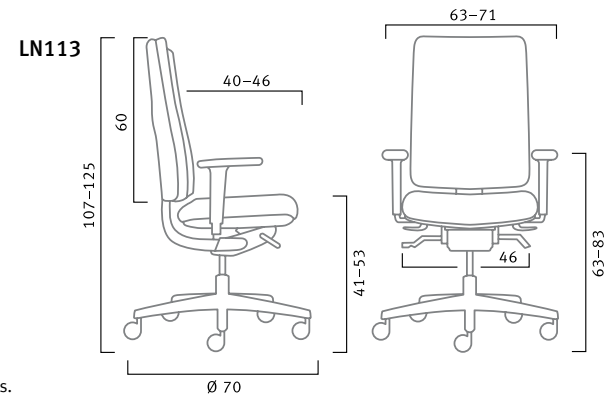

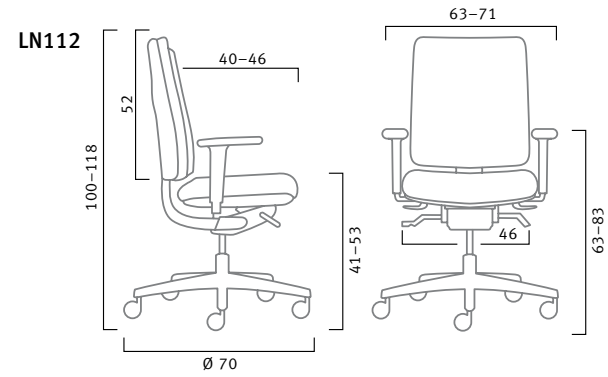

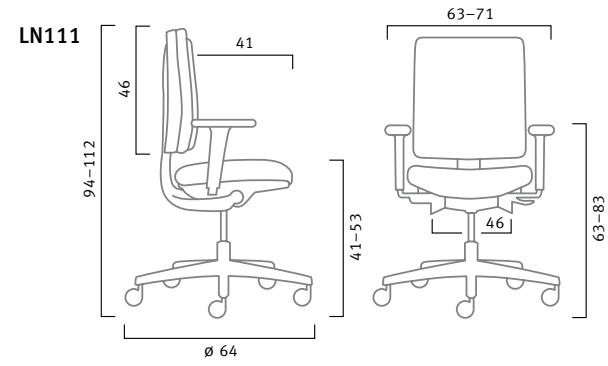

Effortless balanced comfort.

All dimensions are in centimetres.

Sustainable

Linea is good for the user. It's also good for the earth and meets our demanding environmental protocol:

Recyclable—99%

Replaceable upholstery and fabric.

Disassembly for recycling—takes less than five minutes.

Waste minimisation—manufacturing is ISO-14001 certified.

Packaging—all reusable or recyclable.

Innovation at work
